NEWS NOTES

Jason Coffey has been appointed postmaster at Yosemite, Casey county.

Felix B. Twidwell, former resident of Hustonville, Lincoln county, is dead at San Antonio, Texas.

The chamber of commerce of the United States will meet in San Francisco July 6 after a tour of leading Western cities.

Mrs. Callie I. Applebaum, who was found guilty of the murder of her husband, a Chicago traveling salesman, at Atlanta, Ga.

After a conference with President Navin, Tyrus Cobb, center fielder for the Detroit club, attached his name to a 1913 contract.

Wm. Chitney Borden, the young missionary who died at Cairo, Egypt, left practically his entire estate of \$1,000,000 to foreign missions.

Former Secretary of State Olney expresses the opinion that the country has the right to exempt its coastwise vessels from a canal tax.

The National Good Roads Federation adjourned at Birmingham, after electing officers and deciding to meet in St. Louis not later than Nov. 15.

The Women's Board of Foreign Missions of the Presbyterian Church, meeting at Rochester, N. Y., voted to hold its 1915 convention in Louisville.

A half holiday was declared and all Opelousas, La., turned out to welcome the child identified as Robt. Dunbar, who was kidnapped from his home last August.

Ed Salter and Ernest Bryant, Stanford negroes, who were charged with stealing \$20 from a Casey county negro, were convicted in the Boyle circuit court and sentenced to the pen for one to five years.

Ethel Basie Angel, a 17-year-old Louisville girl, who says she eloped under promise of marriage, was restored to her mother in New York and Samuel Harris, who pleaded guilty to the charge of buying her as a white slave, was remanded to the Toms pending sentence.

Henry Clay Pierce, chairman of the board of directors of the Waters-Pierce Oil Co. at St. Louis, made the statement that he had to pay \$6,800,000 through misplaced confidence as the result of the promotion of the Tennessee Central railway.

In a speech supporting the Underwood Tariff Revision Bill, Majority Leader Underwood was referred to by A. Mitchell Palmer, of Pennsylvania, as "the logical candidate for President." Representative Langley, of Kentucky, criticized the bill.

Jim Brown, known as "Shine," was electrocuted at the Eddyville prison on Friday. The negro was convicted of the murder of Deputy Sheriff George M. Hart, of Winchester. In a letter written to a friend in the Clark county jail, he confessed to firing the shot that killed Hart and exonerated the four other negroes indicted.

A WOMAN'S WORK
sometimes reduces her strength to the depths of weakness—her devotion to household care prevents sufficient rest and recreation. Thousands of women in this condition find Scott's Emulsion exactly what they need; it is predigested body-food so medically perfected that every drop yields direct returns in strengthening the organs and tissues and in making healthy, life-sustaining blood. Scott's Emulsion is devoid of alcohol or any harmful drugs, and overcomes tiredness and nervousness in a marvelous way.

Not an Applicant.

Although it has been repeatedly published that Col. Woodson May, of Somerset, is an applicant for the Danville Collectorship, the Advocate is reliably informed that he has never had any intention of applying for the place. Mr. May is doing a great service for the democratic party in the republican Gibraltar of Kentucky. He is serving his second term as a member of the State Central Committee in the biggest Congressional district in the State; he was a member of the last State campaign committee, making the fight for President Wilson; he was one of the first men appointed by Gov. McCreary on his staff; he was one of the three members of the State campaign committee who constituted the press bureau for the National campaign in Kentucky; and Mr. May is also a member of the executive committee of the State Democratic Editorial Association and is the editor of the only democratic paper in the Eleventh district. Notwithstanding his great service for the democratic party and for Gov. James B. McCreary in his race, the Eleventh district has practically not been recognized by the chief executive in the distribution of patronage. It looks like the Governor is making a critical mistake in not rewarding such men as Mr. May and men of his caliber in the Eleventh.—Danville Advocate.

Rubber Tires.

I desire to say to the good people of Madison and adjoining counties that I am prepared to do all kinds of rubber tiring. I put 7-8 Kelly Springfield rubber tires on wheels of any height for \$14 per set, 7-8 steel tires for \$10 per set. Buggy tires set 40 cts. each. These are cash prices. See me before ordering any work of this kind.

State University News

(By G. C. Wilson)
The annual inspection of the State University cadets was held last Wednesday. Company A, under Captain A. K. Gayle, of Frankfort, was declared to be the best company. The winning company will be given a banquet at the Phoenix Hotel in a few days. Two prizes of \$5 each were given to the best individual drillers.

A debate held Tuesday night between the Freshmen of the Patterson and the Union societies resulted in a victory for the Patterson team. The question was, "That the Women of Kentucky should have equal suffrage with men." The winning team had the negative side of the question and won by a unanimous decision. The members of the winning team were G. C. Wilson, of Kirksville, C. A. Nicholson, Grace, Ky., and Julius Wolfe, Ashland. This same team has been chosen to represent the Freshman class against the Sophomores in a debate that is to be held the last part of May.

E. L. Hall, secretary of the Young Ladies' and Young Men's Christian Association, who recently came here from the University of Illinois, has been employed for the coming two years. At the close of the student canvass last week State University broke the record of having the largest enrollment of students in the Y. M. C. A. of any State University in America. Over 80 per cent. of the student body is enrolled in the work.

Southern Railway to Furnish Drinking Cups.

Arrangements have been made by the Southern Railway to furnish sanitary individual drinking cups to passengers on all trains and a large supply of cups of the collapsible paper type has been ordered. As soon as the cups have been received each conductor will be furnished with a supply and any passenger desiring a cup will receive one free of cost on application to the conductor. Notice to this effect will be posted in each coach.

Furnishing drinking cups to passengers on the large number of trains operated by the Southern Railway will involve a substantial expenditure which is being undertaken to provide for the convenience of patrons of the railway. All common drinking cups have been removed from trains in compliance with U. S. Government regulations and the statutes and ordinances of many States and municipalities.

Hereafter passengers on all Southern Railway trains will be put to no inconvenience or expense in regard to drinking water and at the same time will not be subject to any possible infection through the use of the common drinking cup.

Thoughts For The Day.

"The gold of the April sunshine,
The sweet of the April breeze,
The bluebird's note in yonder wood,
The droning of the bees;
The far hills' distant outline—
All tender blues and grays,
The April joy of blossoming world,
And the charm of April days."

Economy.

George Gould said, apropos of an adverse ruling by the Commerce Court: "If this sort of thing keeps on, the railroads will have to be as economical as Conductor Jay."

"As Jay went through the train taking and punching the tickets, a traveler said to him:

"What becomes of the little pieces you punch out, conductor?"

"Oh," Jay replied, "I save them up and sell them for confetti."

WHY

Has the Hustling Cash Store sold so many more goods so far this season than ever before?
Why have Hamilton Bros. at such an early date, had to search the markets for an almost new stock of spring merchandise?
Why do we buy these goods always at bottom prices?

BECAUSE

Because we sell for cash and can, of course, pay cash. And by paying spot cash we can get the lowest possible market price
Because we are satisfied with a reasonable profit and MAKE GOOD what we say about every article sold
Because we buy often and keep our stock fresh and new, and extend a courteous invitation and cordial welcome to each and every patron. Therefore

People Looking For Good Quality Materials

at reasonable prices make their purchases at our store and always with the understanding that if goods are not as represented, we want them and will make them satisfactory. Having just returned from the markets our stock is right now up to full standard and we have never shown more beautiful assortments

Because Mr. Watterson gave his

views of woman suffrage in pretty plain

English, a suffragette called him all sorts

of "liars" in her speech in Louisville,

without specifying, however, wherein

he had "lied," and wound up by chal-

lenging him to a joint debate. When

told of the challenge Mr. Watterson

then simply said, "I can imagine

no greater waste of time than for a bat-

tered old man and a silly old woman

bandying words across a broomstick."

The English exotic, who has been im-

ported to tell the women ought to have

the right to vote, is not making any

friends for the cause by what is deemed

very unladylike charges in this country.

The woman who presumes on the pro-

tection of her petticoats to use such lan-

guage of a gentleman either forgets her

sex or was denied proper training. If

Mrs. Snowden can do no better than ap-

ply epithets to Kentucky's most distin-

guished citizen, she ought to retire from

the rostrum long enough to learn lady-

like manners, else like to New York

and take the first steamer back to Eng-

land.

ILLINOIS is about to pass a string of

laws which should be on the statute

books of all the States. It provides that

the birth of a child out of wedlock shall

constitute a common law marriage be-

tween the man and the woman respon-

sible for it, the dissolution of which shall

be through regular divorce proceedings.

A decree in her favor entitling the wo-

man to alimony and the support of the child. The offense is also named as disorderly conduct, carrying a jail sentence. Such a law is in the interest of good morals and humanity. It will reduce the number of illegitimate births and remove the stigma of illegitimacy always attaching to a child so born, and who is not at all responsible for its being. This bill makes no special provision against married men who become the fathers of such children, the more's pity; but it ought to be made a capital offense.

The same dispatch which tells of a drastic gambling law passed by the Oklahoma Legislature also says that there are 43,431 native-born Kentuckians who have sought homes and fortunes in the new State. As Kentuckians are noted for their love for games of chance, there may be a reason for the juxtaposition of the statements. We have a pretty severe anti-gambling law in Kentucky, but the Oklahoma enactment makes gambling of all kinds a felony, prohibits slot machines and the shaking of dice and a heavy fine is attached for renting a building or room to be used for gambling purposes. The penalty for gambling is fixed at a fine of from \$500 to \$2,000 and a penitentiary term of from one to ten years. The trouble, however, about too severe laws is that they defeat their object, because juries will hesitate to inflict the penalty and make convicts of those who are not really bad.

The country seems to grow upon what it is fed. We have had pensions and then more pensions until this government is now paying over two hundred millions of dollars annually for them. Emboldened by the success of the pension grabbers, a so-called progressive Congressman has introduced a bill to provide for an old age pension. All persons who have arrived at the age of 65 and who get no more than ten dollars a week for their work, are to be paid from one to four dollars a week by the government. It is hardly possible that such a preposterous proposition will receive much consideration. Such a law would be an encouragement for laziness and keep men from trying to earn a competence or to provide for a rainy day.

PRESIDENT Wilson is catching on to the ways of the men who have recently held the highest office in the country, and on Sunday last climbed aboard the vessel especially designed for him and cruised around the Chesapeake Bay and the Atlantic ocean till Monday. Unlike his immediate predecessors, however, he slipped off without any blowing of horns and firing of cannon and returned in the same modest manner. As a matter of fact, there is very little of the spectacular about the great Democrat who occupies the White House.

The President sent his Secretary of State, Mr. Bryan, clean across the continent to tell the California people what to do with regard to the Japanese, but at this distance it looks as though fully as much could have been accomplished by sending a letter or even a postal card. The people of that State are in no condition to listen to reason and evidently regard the yellow peril as the greatest of perils.

The Krupps, the largest makers of guns and armament of war in the world, are charged with creating war scares in order to dispose of their products at increased prices. The charge may or may not be true, but if true it is the most diabolical effort ever conceived for private pecuniary profit.

Some of the opponents of the income tax are saying that it is an imposition on thrift. All taxes are, for that matter, with perhaps the exception of the poll tax and the dog tax.

Death of Mr. C. F. Graff.

At 1 o'clock this morning, Mr. C. F. Graff, father of Mrs. J. G. Crabbe, breathed his last at her home on the Campus, after an illness of short duration. Gastritis, together with his advanced age, 75 years, brought about the end. The funeral is being held at the Catholic home at 1 o'clock this afternoon and the remains will be taken to his old home at Delaware, O., for interment in the morning. Dr. G. W. Crutchfield, of the Methodist church, is officiating at the funeral services. During last fall Mr. Graff joined his daughter here and since had made some very close friends here. He was a fine old gentleman and his demise is the source of general regret. A son reached Richmond this morning, but not in time to see his father alive. Dr. Crabbe had gone to Louisville to attend the Kentucky Educational Association, but hurried home when the illness of his father-in-law was made known to him.

Councilman W. T. Vaughn has bought a farm in Marion county, not far from Lebanon, and will probably move to it. It is hoped that he will change his mind when the crucial test of leaving Richmond comes.

While Dr. Newell Dwight Hillis, the renowned preacher, lecturer and author, was here this week he was entertained by Dr. and Mrs. C. H. Vaughn. They speak of him as being a very delightful guest.

School at the Forks of the Elkhorn, Franklin county, Friday night. His subject was "The Common Virtues of the Common People," and we will wager that it was well worth hearing. Mr. McElhage delivered the address, there last year and so pleased the faculty and students that they called him again.

Only One Way to End Catarrh.

Reach the raw, tender, inflamed membrane infected with Catarrh germs, and destroy them.

You can't reach the nooks and crevices with liquid preparations—there is only one way—breathe the germ destroying air of Booth's HYOMEL (pronounced High-o-mel) directly over the inflamed and germ-infested membrane.

HYOMEL contains no opium, cocaine or other harmful drugs. It is a balsamic air made of Australian eucalyptus, thymol, and some Listerian antiseptics. It is guaranteed to end the misery of Catarrh or Grip or money back. It's the only safe and sure relief.

Ask B. L. Middleton about Booth's HYOMEL outfit today—it is only \$1.00 and he guarantees it. Extra bottles, if later needed, 50 cents. Just breathe it—no stomach dosing.

All efforts of the opposition to disturb the "market basket" reductions in the Underwood Tariff bill failed in the House. Republicans were in evidence in debate, but amendments to the bill were voted down decisively.

at 2 o'clock P. M., on the premises the following selection of nice building lots, situated in Richmond, and more particularly described as follows:

18 Splendid Lots

on the north side of the Irvine pike and constituting the Deatherage Addition to Richmond as shown by plat on file in the office of the County Clerk. These lots are 170 feet deep and 45 to 50 feet frontage, with good drainage and a beautiful location for building purposes. A rare chance for men of moderate means to own his own home in a good location, and a good chance for the man who has money to invest in real estate that is sure to increase in value.

These lots will be sold exclusively to white people.

Immediately after the sale of the above property there will also be offered

Seven Large Lots

on "K" Street and Irvine Street and adjoining the property of the Louisville and Nashville Railroad, as shown by Amended Plat of a part of the Perry Addition to Richmond on file in the office of the County Clerk. These lots run from 200 to 125 feet deep and from 65 to 40 feet frontage, on one is a large barn, on another is a shed, and on another is a nice cottage; all are very suitable for building purposes, and especially so for any class of industry that needs railroad facilities, attention is called to the fact that the L. & N. R. Co. has now in the course of construction a new freight depot just across the street from this property, and when completed there will be a strong demand for property in this

vicinity. After both of these blocks of lots have been offered separately as lots, they will be offered as two whole tracts of land and the way realizing the most money will be accepted.

Parties desiring information or who wish to look over the property can apply to either one of the undersigned, who will take pleasure in showing them.

Where's "Tamp?"

Much speculation is rife as to what has become of "nobody's dog," the intelligent, friendly setter whom everyone knows and has a word for; and he has a way of the tail for every woman, man and child in the city. He has been missing for several days and no one can give any information as to his whereabouts. "Tamp," his most trusted friend, is especially anxious for news of him.

Mr. McKinney will continue the business at the old stand and he will be glad to wait on the old customers and as many new ones as may come. He has been selling groceries all his life, seven years of which have been in this city, and he naturally feels that he has a pretty good knowledge of the business. Before coming here he was with Mr. C. L. Searcy at Waco. Ed Warford, the popular salesman, who has been with the house for a long time, will remain with Mr. McKinney. Mr. Sewell, we are sorry to say, will leave Richmond. He has brought an interest in the big dry goods firm of McKinney, Baumstock & Co., at Cincinnati, and will take charge of that business on July 1st. He and his family will be missed by their many friends here, all of whom wish them well in their prospective home.

Good Show Coming.

From what we can learn, the show coming to the Opera House all of next week, is a "crackerjack." Munthe's Modern Players are well known and get good press notices wherever they appear. They were in Lima, Ohio, 20 weeks and had a big house each night. They go from here to Charleston, S. C. Besides 15 actors and actresses, the company carries a car-load of scenery. Popular prices.

Very Grateful to Those Who Helped.

The ladies who have been serving the lunches to a number of the pupils of Caldwell High School ask us to thank those who have generously furnished edibles or in any way helped the less fortunate children of that school. It was only last week that these ladies quit furnishing lunches, having kept up the good work for months. Marked improvement was shown in many of the pupils after this service was begun and those who have contributed by word, act or deed can feel that they have done a service for their fellow beings that has redounded to much good.

Building & Loan Association Organized.

Richmond has, or rather will have on July 1st, a building and loan association and it will be known as the Madison County Building & Loan Association. It was organized Thursday afternoon. The following directors having been elected by the stockholders at the meeting in the Madison National Bank: John W. Crooke, R. K. Burnam, T. K. Hamilton, M. C. Kellogg, U. D. Simmons, R. J. McKee, G. W. Pickels, H. B. Cosby, and J. J. Greenleaf. These gentlemen were elected Mr. Crooke president, Mr. Burnam vice-president, Mr. Cosby secretary and treasurer and Mr. Greenleaf attorney. About 600 shares have already been disposed of and it is believed that 1,000 will be placed by July 1st. This will give \$1,000 to begin operations with. These enterprises have been helpful to many people and towns and there is no reason why Richmond and her people should not be benefited by the one just launched. Messrs. Knight, Wilds and Smith, of Nicholasville, were the promoters of the scheme here and they are confident that it will do big things for us.

"Had dyspepsia or indigestion for many years. No appetite and what I did eat distressed me terribly. Burdock Blood Bitters reached the cause."—J. H. Walker, Sunbury, Ohio.

Federal Court.

Federal Court did not last long, but it did business while it was in session. Among the cases disposed of were: Jno. Perrigan, Middleboro, a year and a day in the Mountsboro, W. Va., prison and a fine of \$1,000 for transferring whiskey from his distillery to his saloon without paying the tax. Tom Taylor, six months and \$200 for illicit distilling. Wesley Clark, \$100 and 30 days for selling whiskey. Craig Lynch, same. Abe Winchester, \$100 and 30 days for same, and Bill Tucker same for same. Harlan Miller \$100 and 90 days for selling booze. Elisha Austin, \$100 and 30 days for selling whiskey. I. B. Gabbard and James Smith were convicted for illicit distilling, but the judge did not sentence them and will not do so until the November term of court. He told them they might go home and raise a crop. H. C. Chamberly, illicit sale of whiskey, \$100 and 30 days. Steve Gill, Leach Bros. ton, Bill Turpin, Robert Garland, Milton Rose and Willie Royston each got a \$100 fine and 30 days for selling whiskey. G. G. Gilbert was sentenced to six months in the Covington jail for stealing books from the government. He is an exceedingly fine looking man, well dressed and of excellent address. He is said to be an expert book thief, selling a book in a home and stealing one or more before he would depart. Charlie Laughman, a Stanford negro, was fined \$100 and given 30 days for whiskey selling. To the surprise of the Judge and the other officials, he drew out a hundred dollar bill and paid his fine. The jail sentence was set aside. Laughman attracted much attention in court by his flashy clothes.

Free Demonstration.

Let us demonstrate the Domestic Vacuum Cleaner along side any other machine you wish. W. F. Higgins. 57-1f.

Whose Whisky Is It?

Sheriff McCord and Chief of Police Allman have 40 quarts of good old booze in their possession but nobody will claim it. Strange, isn't it? They got wind of the other night that parties were bringing a lot of "red eye" and tried to meet them on the train and accompany them in, but the fellows also got some wind and hunted greener fields in which to ply their trade. They have it at the disposal of any one who claims it. Is it yours? If so call on those gentlemen.

City Council Doings.

When the roll was called at the city council meeting last night, "absent" was placed after the name of Councilman Vaughn, but before any work was done he arrived and "present" was substituted. The meeting hour is changed from 7:30 to 8 p. m. on May 1st and a good many of the members and onlookers forgetting this, were here promptly at 7:30 and they had a little wait of 30 minutes.

Reading of the minutes and the adoption of them as read was the first work. Collector Wilson reported \$99.47 collected on taxes, etc. The committee appointed to buy oil for the streets reported that it had done its work promptly and that it was no fault of theirs that the oil was not here. It is believed that it will arrive by tomorrow at the outside. It will be placed on the business streets first and then in those portions of the resident section of the city where appropriations have been made.

Work on East Main street from Soper's Mill to Hallie Irvine street was ordered.

An ordinance was passed making the conviction for selling whiskey, of the proprietor, clerk or porter of a billiard or pool-room, sufficient evidence against the holder of billiard or pool license to justify the council in revoking said license and that no rebate shall be given in such cases.

It was ordered that the pavement in front of the homes of James B. Walker, Judge W. K. Shackelford, Dr. C. H. Vaughn and Mr. J. M. Hayden on West Main street be raised to the height of the pavements east and west of it.

It was moved, seconded and voted that the expenses of Chief of Police J. H. Allman be paid to the convention of Chiefs at Washington City on June 9 to 13th.

A fire plug was ordered placed on Short street.

The committee appointed to revise the fees for licenses of various kinds, reported as follows: Accidental insurance, \$10 per year. Bill posters, \$25 per year. Billiard and pool tables, \$50 for first and \$25 for each additional one. Bonding companies, \$10. Ball and baby game, \$10. Bowling alley, \$25 per year. Broker and bucket shop, \$1,000 a year. Carnival companies, \$10 per day. Circus or tent shows charging 50c or more, \$50 per day. Those charging 25c or less, \$25 per day. Each additional show, \$5. Circus, if only parade in the city, \$50. Cigarettes and cigarette material, \$25. Coal oil and gasoline agencies, \$75 per year. Merry-go-round, \$2. Fire insurance companies, \$15. Life insurance, \$10. Motion picture shows, \$25. Opera House, \$50. Shooting gallery, \$2 a day or \$20 a year. Autos for hire, \$10. Skating rink, \$25. This was voted and ordinance ordered published.

Permit was given to Normal City Laundry to drill a well on the city's property near the laundry plant. It was ordered that the roller be used on Lancaster street and that some repairs be made.

A number of bills were ordered paid and the meeting adjourned.

The Senior and Junior Societies of Caldwell High School had an enjoyable and profitable meeting last night. This was the second meeting held so far and an interesting program, including a dialogue, was given.

W. W. Broadbudd & Co. Sell Out.

The well known coal firm of W. W. Broadbudd & Co. sold their business to the Richmond Coal & Supply Co., composed of Messrs. W. A. Langford, John W. Crooke, Miller Davidson and T. C. Vaughn, the latter general manager, the business to be turned over Monday morning. The retiring gentlemen are undecided as to whether business they will engage in but it is generally hoped that they will not leave Richmond.

Drowned Himself. Glenwood Gentry, son of William Gentry, chose Moberly's pond in which to shuffle off this mortal coil. He was a tuberculosis sufferer and left his home Wednesday night about 6 o'clock. His body was removed from the pond, which is on Mr. Neville Moberly's place, about a mile from town, at noon yesterday.

The day before he committed the rash act he asked about the depth of the pond and many other questions concerning it. It is almost certain that he destroyed himself intentionally. Early yesterday morning an object was seen floating on the pond, but those who noticed it thought it a bundle of clothes or something of the kind. The body was brought to the banks by some men in the employ of the telephone company, who were working near by.
